Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

Pursuant to the Examiner's oral request of August 2, 2004, attached are Copy 1 and Copy 2 of a compact disk containing ASCII code for the forty-nine (49) page program listing at pages 16 – 65 of the above-designated application. The two copies are a replacement for the compact disks submitted with the response, filed May 3, 2004 to the Office Action, mailed February 5, 2004 for the above-designated application.

Pursuant to MPEP 608.05, the following information is provided for the compact disks:

- 1) Machine Format: IBM PC
- 2) Operating System: Microsoft Windows
- 3) File Names & byte Size: Appendix 1.txt 60KB (60,000B)
- 4) Creation Date: August 4, 2004

The attached Copy 1 and Copy 2 have been labeled pursuant to MPEP 608.05, Paragraph 6.

Copy 1 and Copy 2 have been prepared in ASCII code from an OCR scan of the program listing. We have checked portions of the scanned pages and discovered there are some misrecognized characters. We believe the generated ASCII code will be understood by persons of skill in the art without undue burden and satisfies the requirements of 37 CFR 1.96. The re-typing of the 49 page program listing for re-scanning purposes to hopefully cure some misrecognized character(s) would be an expensive, time consuming task and a resultant hardship on the applicant.

Acceptance of the compact disks as compliant with 37CFR 1.96. and entry into the above-designated application for further prosecution are requested.

**AUTHORIZATION:**

No fee is believed due by filing of this paper. However, the Commissioner is hereby authorized to charge the fees for extension of time, which may be required for consideration of this Amendment. The Commission is also hereby to authorize to charge any additional fees which may be required for timely consideration of this Amendment, or credit any overpayment to Deposit Account No. 09-0461 Order No. Docket No. RSW9-2002-052US2 (1963-7422US1).

Respectfully submitted,
